

SUFFRAGE VOTE EXPECTED TODAY

Senator Watson Announces He Will Try to Hold off Recess Until Ballots Are Cast.

After a long debate yesterday, the Senate failed to reach a vote on the suffrage amendment. Senator Watson, of Indiana, chairman of the suffrage committee, announced at the close of the session that he would ask the Senate to remain in session today until the vote has been taken.

When the Senate adjourned an amendment by Senator Underwood, of Alabama, providing for ratification by State conventions rather than by the legislatures was under consideration. Senator Underwood said he offered this amendment to satisfy the demands of those who insisted that the people should have a right to pass upon the question.

Senator Borah opposed the resolution as did Senator Reed, of Missouri. The latter said it would be an invasion of the rights of the States. Senator Borah explained that while he favored the prohibition amendment because the States were powerless to enforce the State prohibition laws, he opposed the woman suffrage amendment because it would mean "the writing of a lie into the Constitution, for the reason that it was not intended that the two and one-half negro women of the South should be permitted to vote."

LABOR LAUNCHES DRIVE FOR BEER

Eleventh Hour Attempt to Save Light Drinks Begins Before House Committee.

Labor leaders yesterday started a final campaign to save beer and light wines.

Forecasts of "unrest and dissatisfaction, the nature and results of which cannot now be predicted," were given the House Judiciary Committee, which had under consideration the Volstead bill for enforcement of war-time prohibition.

"Feeling of serious resentment against the proposed restrictions is springing up," the committee was told by four representatives of the American Federation of Labor.

Threats of general strikes if beer is taken away were voiced by the labor leaders. John J. Manning, president of the union label trades department of the American Federation of Labor, declared he could not conceive of "any sane man taking the stand of 'no beer, no work.'"

Union miners, as reported by James Lord, president of the mining department of the A. F. of L., and Edgar Wallace, of the United Mine Workers, stand "absolutely in favor of their glass of beer, their light wine, in general, light stimulants," the committee was told. Practically the same views were given the committee by James Ryan, representing the metal trades department of the A. F. of L.

COMMISSION TO STUDY PROBLEMS ASKED

Creation of a joint economic commission to study industrial and labor problems is provided for in a joint resolution introduced yesterday by Senator Edge, New Jersey.

The commission would consist of four representatives of employers and four for labor, all appointed by the President to serve without pay.

It would study the relations of workers and employers, and suggest a general policy of co-operation, and also recommend a plan for a permanent joint council. The resolution authorized appropriation of \$5,000 for expenses of the commission.

PHILIPPINES OFFER SITE FOR NAVAL BASE

If granted independence, the Philippine Islands would permit the United States to maintain a naval base there, President Quezon, of the Philippine mission stated yesterday at a joint session of the Senate Philippines and the House Insular Affairs committees.

Educational problems which would arise on withdrawal of United States supervision were discussed before the committee.

HOBSON TO SEE OWN MOVIE AT BELASCO

Richmond P. Hobson, former Representative from Alabama, will witness a performance of his picture play, "The Law of Nature," for the first time, at the Belasco Theater Friday afternoon.

With Hobson will be William Jennings Bryan and various officers of the Anti-Saloon League, now in convention in Washington.

Women delegates to the convention will be guests of the theater at this afternoon's performance.

Before The Advent Of Woman's Gladness

Women Who Know Take Precautions Against Suffering.

Before the arrival of the stork, for over half a century have earned the wisdom of giving nature a helping hand. Nausea, nervousness, dizziness, and other distressing pains in the abdomen and muscles are entirely avoided by the use of Mother's Friend, and from the testimony of thousands of mothers who have used this time-honored remedy.

Mother's Friend lubricates the line network of nerves beneath the skin, and by regular use during the period of pregnancy, is made and kept soft and elastic. They can then expand gently and easily when baby is born and pain and danger is naturally avoided.

Mother's Friend is a preparation of penetrating oils and other medicinal agents prepared especially for expectant mothers. It is for external use, is absolutely safe, and should be used regularly during the entire period before baby comes.

Company, Dept. A, Lamar Building, Atlanta, Georgia, for an interesting Motherhood Book, and obtain a bottle of Mother's Friend from the druggist. You will find it the greatest kind of help.—Adv.

LACK FUNDS TO PAY DISTRICT TEACHERS

Due to lack of funds, Washington public school teachers will not receive their full pay for the month of May, pursuant with the announcement from the office of the District auditor yesterday.

The auditor said his office needs \$68,000 to pay the longevity salaries of the teachers and until money is supplied by Congress the teachers will get short checks. A request was sent to Congress yesterday to include the sum for longevity pay in the District deficiency bill.

MARINES' VALOR IN WAR LAUDED

Cabinet Members Praise "Devil Dogs" at Chateau Thierry Exercises.

Tribute to the courage and determination of the Marines at Chateau Thierry was paid by Secretary of War Newton D. Baker, Secretary of the Navy Josephus Daniels, Maj. Gen. George Barnett, commandant of the Marine Corps, and others, last night at Washington Barracks, when the first anniversary of the famous battle was celebrated under the auspices of the Marine and Sailor Department of the District W. C. T. U.

Gen. Barnett presided. Speeches were interspersed with musical and vocal selections of the latter to the accompaniment of the Marine Band. Among the songsters was Mrs. Baker, wife of the Secretary of War.

The speakers were Secretary Baker, Secretary Daniels, Maj. Gen. Barnett, Mrs. Barnett, Mrs. S. H. Wiley and Mrs. Emma Sanford Shelton.

Entertainment Program.

Those who took part in the musical were: Mrs. Baker, Gilbert Wilcox, Mrs. Emily French Barnett, Mrs. Katherine C. Feland, the Quantic quartet (Corp. McDowell, Private Williams, Sergt. Cardin, Sergt. Talbot), Herman Hoffman, Arthur Whitcomb and Fritz M. Deller.

Miss Lillian Harig read "Old Glory." The audience sang Marine songs, led by Gilbert Wilcox and accompanied by the Marine Band, William H. Santelmann, leader.

REVOLT IN ENGLAND NEARS CRISIS AS BOBBIES STRIKE

Continued from page one.

Police has been called to secure the other demand. What is more sensational, the London press is featuring the situation as anarchy.

But business goes on as usual, the prices of food being gradually boosted, after being summarily reduced early in the spring, and Parliament continues day by day to draw nearer nationalization of housing, transportation and mines, with labor radicals waiting for these three measures to be passed to demand nationalization of electric power, docks and shipping.

And everyone in England knows that Lloyd George will be the next leader of the radical labor group. He is waiting until it gets sufficient power to overcome the coalition parliamentary majority which grows smaller weekly.

England Changing Hands.

In the meanwhile the London Times, calling attention to the vast number of real estate advertisements in its columns, declares "England is changing hands." The old owners are moving out and new ones are moving in, which is another phase of the inexorable revolution moving in England.

This week the triple alliance of the unions—the dock workers, the railroad workers and the miners—has called a conference to consider a general strike if the Secretary of State for War does not immediately make satisfactory public promises concerning the withdrawal of troops from Russia, the abolition of conscription, the raising of the German and Russian blockade and the release of objectors.

This powerful section of labor has twice within six months brought the government to its knees, and with employment bonuses furnishing strike funds it will be easy to vote a strike.

On the other hand, the parliamentary committee of the trades unions has received private assurances from Bonar-Law that these demands will be met by the government, but the triple alliance demands that a public promise be registered by Bonar-Law for his government.

Situation Is Serious.

The triple alliance and parliamentary committee of the trades unions represent different factions of the labor party, standing in about the same relation as Victor L. Berger and Samuel Gompers in America, except that the triple alliance, which is demanding the rejection of the peace treaty because of its harsh terms, seems to have a larger following among labor than the parliamentary committee.

Now this situation is not critical, but is exceedingly serious. It will not mean Bolshevism even if successful, but it does mean a genuine rise of the labor party in power, and the rise is coming steadily and rapidly while everyone waits and Lloyd George maneuvers himself to take charge of the movement.

The relation of all this British labor movement to the Paris peace is this: When British labor takes control of the government it will move for a softer peace. German statesmen watching England know this. They realize that France, Great Britain and possibly America in a league of nations or a Hague Court will immediately move to soften the terms and settle up in a few years instead of in generations the economic difference with Germany and admit her to the league. The British labor leagues make no bones that this is their aim and so far as the British government goes they surely will attain it.

REAVIS TELLS STORY OF WAR EXPERIENCES

Representative C. Frank Reavis, of Nebraska, who has recently returned from a tour of the battlefronts, gave an interesting lecture last night on his experiences, before the Massachusetts State Society at its meeting in the Wilson Normal School.

A musical and literary program followed the lecture. Miss Lillian Peters sang a solo. T. T. Wilson gave a blackface sketch. Sergt. Patterson and Athey, of the "Attorney" company, gave short laughable sketches.

The association is planning an out-

OUR STORES CLOSE TODAY AT ONE O'CLOCK
